## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

Search for Representative -2:42pm

A screenshot of a Windows Internet Explorer window showing the 'Search for Representative' page on eBenefits. The page title is 'Search for Representative and View Power of Attorney'. It says 'Welcome Bob Reserve' and 'Last Log in: Sep 21, 2012 4:01:58 PM'. The page includes sections for 'Your Current POA Representative' (which says 'Currently, you do not have a POA Representative.') and 'Search for a new POA Representative' (with a link to 'Find a new POA Representative and apply via mail or fax.'). The background shows other browser tabs and windows, including one for Google and another for eBenefits.

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E Wahien VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

Search for Representative -2:42pm

A screenshot of a Windows Internet Explorer window showing the 'eBenefits - Search for Representative' page. The page has a dark header with the eBenefits logo and a service announcement. Below the header is a search bar and a navigation menu with links like Home, About, Help, Contact, Feature List, and Logout. The main content area has sections for 'Welcome Bob Reserve' and 'Search for Representative and View Power of Attorney'. It includes a note about appointing a representative as Power of Attorney (POA) and a section for 'Your Current POA Representative' which states 'Currently, you do not have a POA Representative.' There is also a 'Search for a new POA Representative' section with a link to 'Find a new POA Representative and apply via mail or fax.'. The background shows other browser tabs and windows, including one for Google and another for eBenefits.

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

## Welcome to Your Career Center!

### Helping Veterans Achieve Career Success Is Our Mission

We're working tirelessly to equip Service members in transition and Veterans with opportunities to translate their military skills into careers in the public and private sectors. Use the tools and resources on this page to identify your professional strengths, create and post resumes, achieve success in your next job, and more.

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E Wahien VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

Home CSP Logon CSP Registration Veteran Services Business About VA Media Room Locations Contact Us

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

Search for Representative -2:42pm

A screenshot of a Windows Internet Explorer window showing the 'Search for Representative' page on eBenefits. The page title is 'Search for Representative and View Power of Attorney'. It says 'Welcome Bob Reserve' and 'Last Log in: Sep 21, 2012 4:01:58 PM'. The page includes sections for 'Your Current POA Representative' (which says 'Currently, you do not have a POA Representative.') and 'Search for a new POA Representative' (with a link to 'Find a new POA Representative and apply via mail or fax.'). The background shows other browser tabs and windows, including one for Google and another for eBenefits.

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

Search for Representative -2:42pm

A screenshot of a Windows Internet Explorer window showing the 'eBenefits - Search for Representative' page. The page has a search form with fields for 'apply for BENEFITS', 'view my STATUS', 'access my DOCUMENTS', 'browse benefits LINKS', 'Career CENTER', and 'my personal DASHBOARD'. Below the form is a section titled 'Welcome Bob Reserve' with links to 'My Personal Dashboard', 'Message Center (0)', 'Account Activity', 'Favorite Benefits Links', and 'Recently Viewed'. A note says 'Last Log in: Sep 21, 2012 4:01:58 PM'. The page also features sections for 'Your Current POA Representative' (with a note about not having a representative) and 'Search for a new POA Representative' (with a link to 'Find a new POA Representative and apply via mail or fax'). The background shows other browser tabs and windows, including one for Google and another for eBenefits.

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

Home CSP Logon CSP Registration Veteran Services Business About VA Media Room Locations Contact Us

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

## Welcome to Your Career Center!

### Helping Veterans Achieve Career Success Is Our Mission

We're working tirelessly to equip Service members in transition and Veterans with opportunities to translate their military skills into careers in the public and private sectors. Use the tools and resources on this page to identify your professional strengths, create and post resumes, achieve success in your next job, and more.

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

Search for Representative -2:42pm

A screenshot of a Windows Internet Explorer window showing the 'eBenefits - Search for Representative' page. The page has a header with the eBenefits logo and a service announcement. Below the header is a search bar and a 'Logout' button. The main content area has sections for 'Welcome Bob Reserve' and 'Search for Representative and View Power of Attorney'. It includes a 'Your Current POA Representative' section stating 'Currently, you do not have a POA Representative.' and a 'Search for a new POA Representative' section with a link to 'Find a new POA Representative and apply via mail or fax.'. The background shows other browser tabs and windows, including one for Google and another for eBenefits.

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

UNITED STATES DEPARTMENT OF VETERANS AFFAIRS

Home CSP Logon CSP Registration Veteran Services Business About VA Media Room Locations Contact Us

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

## Welcome to Your Career Center!

### Helping Veterans Achieve Career Success Is Our Mission

We're working tirelessly to equip Service members in transition and Veterans with opportunities to translate their military skills into careers in the public and private sectors. Use the tools and resources on this page to identify your professional strengths, create and post resumes, achieve success in your next job, and more.

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E Wahien VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E Wahien VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

Search for Representative -2:42pm

A screenshot of a Windows Internet Explorer window showing the 'eBenefits - Search for Representative' page. The page has a dark header with the eBenefits logo and a service announcement. Below the header is a search bar and a navigation menu with links like Home, About, Help, Contact, Feature List, and Logout. The main content area has sections for 'Welcome Bob Reserve' and 'Search for Representative and View Power of Attorney'. It includes a note about appointing a representative as Power of Attorney (POA) and a section for 'Your Current POA Representative' which states 'Currently, you do not have a POA Representative.' There is also a 'Search for a new POA Representative' section with a link to 'Find a new POA Representative and apply via mail or fax.'. The background shows other browser tabs and windows, including one for Google and another for eBenefits.

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

Home CSP Logon CSP Registration Veteran Services Business About VA Media Room Locations Contact Us

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

Search for Representative -2:42pm

A screenshot of a Windows Internet Explorer window showing the 'eBenefits - Search for Representative' page. The page has a dark header with the eBenefits logo and a service announcement. Below the header is a search bar and a navigation menu with links like Home, About, Help, Contact, Feature List, and Logout. The main content area has sections for 'Welcome Bob Reserve' and 'Search for Representative and View Power of Attorney'. It includes a sub-section for 'Your Current POA Representative' stating 'Currently, you do not have a POA Representative.' and a section for 'Search for a new POA Representative' with a link to 'Find a new POA Representative and apply via mail or fax.'. The background shows other browser tabs and windows, including one for Google and another for eBenefits.

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

Search for Representative -2:42pm

A screenshot of a Windows Internet Explorer window showing the 'eBenefits - Search for Representative' page. The page features a search form with fields for 'apply for BENEFITS', 'view my STATUS', 'access my DOCUMENTS', 'browse benefits LINKS', 'Career CENTER', and 'my personal DASHBOARD'. Below the form, there's a section titled 'Welcome Bob Reserve' with links to 'My Personal Dashboard', 'Message Center (0)', 'Account Activity', 'Favorite Benefits Links', and 'Recently Viewed'. A note at the bottom states: 'You can appoint a representative to serve as Power of Attorney (POA) and act on your behalf in the preparation, presentation, and prosecution of claims for VA benefits (38 U.S.C. 5902, 5903, and 5904).'. The page also includes sections for 'Your Current POA Representative' and 'Search for a new POA Representative'. The background shows other browser tabs and windows, including one for Google and another for eBenefits.

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

## Welcome to Your Career Center!

### Helping Veterans Achieve Career Success Is Our Mission

We're working tirelessly to equip Service members in transition and Veterans with opportunities to translate their military skills into careers in the public and private sectors. Use the tools and resources on this page to identify your professional strengths, create and post resumes, achieve success in your next job, and more.

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

Search for Representative -2:42pm

A screenshot of a Windows Internet Explorer window showing the 'eBenefits - Search for Representative' page. The page features a search form with fields for 'apply for BENEFITS', 'view my STATUS', 'access my DOCUMENTS', 'browse benefits LINKS', 'Career CENTER', and 'my personal DASHBOARD'. Below the form, there's a section titled 'Welcome Bob Reserve' with links to 'My Personal Dashboard', 'Message Center (0)', 'Account Activity', 'Favorite Benefits Links', and 'Recently Viewed'. A note at the bottom states: 'You can appoint a representative to serve as Power of Attorney (POA) and act on your behalf in the preparation, presentation, and prosecution of claims for VA benefits (38 U.S.C. 5902, 5903, and 5904).'. The page also includes sections for 'Your Current POA Representative' (noting 'Currently, you do not have a POA Representative.') and 'Search for a new POA Representative' (with a link to 'Find a new POA Representative and apply via mail or fax.'). The background shows other browser tabs and windows, including one for Google and another for eBenefits.

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E Wahien VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)

## Manage Access to My Health Records

### Welcome to the Virtual Lifetime Electronic Record (VLER) Health page!

VLER Health is a program that shares certain parts of your health record between the Department of Veterans Affairs (VA), Department of Defense (DoD) and selected private health care providers over a secure network known as the Nationwide Health Information Network. Participation in this program is free and voluntary.

- If you are an eBenefits user but do not have an authenticated premium account, and you are a Veteran receiving care at one of the listed VA health care facilities, and you receive some portion of your care in the private sector, print and fill out the [VLER Authorization Form](#) to share your information.

Return the completed VA Authorization Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions or for more information about sharing your health information.

If you change your mind, print and fill out the [VLER Health Revocation Form](#) to stop sharing your information. Return the completed Revocation Form to your VA health care facility's Release of Information Office. You can also call the toll-free VLER Health Information Line at 1-877-771-VLER (8537) for mailing instructions.

Participating VA Health Care Facilities

- Asheville VA Medical Center - Asheville, NC
- George E. Wahlens VA Medical Center - Salt Lake City, UT\*
- Grand Junction VA Medical Center (Rural Utah) - Grand Junction, CO
- Hampton VA Medical Center - Hampton, VA
- Hunter Holmes McGuire VA Medical Center - Richmond, VA
- Minneapolis VA Health Care System (Includes Twin Ports VA Clinic in Superior, WI) - Minneapolis, MN\*

Select a Credential Service Provider (CSP)

VA E-Authentication now offers access to applications through several participating credential providers. Because we accept credentials from multiple providers, we no longer automatically redirect you to ORC if you are unauthenticated or your connection has timed out from inactivity.

Please select the credential provider from which your logon credential was issued and corresponding application from the list below:

\*\*\* Please note that the ORC credential will be discontinued by the VA at the end of September 2012. All Veterans and dependents that are over 18 and registered with the Department of Defense should be able to acquire a DS Logon credential [here](#). \*\*\*

VAAFI Home

How do I log on?

Choose a credential Service Provider (CSP) from the Right side menu bar, log on and you will be returned to the VAAFI Landing Page where you may choose an Agency Application to access with your chosen CSP credential.

How do I get a CSP Credential to use with VAAFI?

- [Register for a DS Logon Account](#)
- [Register for VAAFI using the VA CSP](#)
- [VA PIV and DoD CAC cards are issued by the VA and DoD using a non-VAAFI process](#)

What VA Applications Are VAAFI Enabled?

- [eBenefits Portal](#)
- [eSignature Demo](#)
- [Remote Order Entry System \(ROES\)](#)

What is the VA Authentication Federation Infrastructure (VAAFI)?

Simply put, VAAFI is a service that makes it easier for citizens to get access to online government services. VAAFI allows citizens and businesses to select and use government and non-government-issued electronic credentials (such as a user name and password combination) to conduct transactions with various government agencies and departments. The enabling of federation services across government agencies is just starting. As more web sites from Federal agencies become enabled for VAAFI, you will be able to access these enabled Federal web sites with a single credential. You will not be required to remember different log-in information for each web site. Right now, a single logon credential issued by a participating VAAFI Credential Provider will be able to get you onto many of the VA's web sites.

Log on to VAAFI Using:

- [DS Logon Account](#)
- [VA CSP Account](#)
- [PIV Card](#)
- [CAC Card](#)
